SUBJECT: Synergy Oil and Gas Discussion and Rulemaking Update

FROM: Norman Wright, Director of Community and Economic Development

AGENCY/DEPARTMENT: Community and Economic Development

ATTENDEES: Norman Wright, Kristin Sullivan, Jen Rutter

PURPOSE OF ITEM: To provide information and status update on current projects/activities

STAFF RECOMMENDATION: No recommendation; this is a status update

BACKGROUND:

In the arena of Oil and Gas operations, two major activities are of particular interest to the County: the potential application for a Large UMA Facility known as “Wadley Farm”, which is a project under development by Synergy Resources Corporation and the COGCC rulemaking hearings that have been underway since November. Both activities have potential impact to the County and both are still very much in a state of development where information changes frequently and no certain outcomes are known.

As a result, staff from the Community and Economic Development department will provide an update with the latest information on both fronts. In summary, there is no new information regarding the Wadley Farm submittal as of October 3rd when a Study Session was last held on the topic. Meanwhile, with the COGCC rulemaking hearings, the only update thus far is that of the seven topics under consideration, only two have been fully vetted at this point. Additional hearings are being scheduled for December 7th and a time-to-be-determined in mid-January. Staff will provide brief notes on what has been discussed thus far. No official actions have been taken.

DATE OF STUDY SESSION: December 8, 2015

SUBJECT: 2016/2017 CDBG Funding Recommendations

FROM: Norman Wright, Community & Economic Development Director

AGENCY/DEPARTMENT: Community Development

ATTENDEES: Norman Wright and Joelle Greenland

PURPOSE OF ITEM: Discussion of the Community Development Block Grant (CDBG) funding recommendations for PY2016/2017. Board approval is required at a public hearing in accordance with U.S. Department of Housing and Urban Development (HUD) regulations and the County's Citizen Participation Plan prior to recommendations being submitted to HUD in the County's 2016 Annual Action Plan.

STAFF RECOMMENDATION: Approve the 2016/2017 CDBG funding recommendations at the December 15, 2015 hearing for subsequent submittal to HUD in the County’s 2016 Annual Action Plan.

BACKGROUND:

The CDBG program, administered by HUD provides funds to local jurisdictions and non-profit agencies to improve the physical, economic, and social conditions in Adams County. Funds are intended to provide decent housing, suitable living environments and economic opportunities for low to moderate income persons. The primary purpose of CDBG funds is for projects referred to as “bricks and mortar” such as housing, public facilities, and improvements or for economic development projects.

Adams County is designated by HUD as an Urban County, and has been administering CDBG funds for the Town of Bennett, unincorporated Adams County and the cities of Brighton, Commerce City, Federal Heights and Northglenn. In July 2015, HUD accepted the renewal of the IGA with these municipalities to participate in the Urban County. In late October, HUD advised Commerce City that it mistakenly did not notify Commerce City back in the spring of 2015 of its eligibility to be its own entitlement based on its population meeting the threshold of 50,000. On November 6, 2015, HUD contacted the County to discuss the situation, and the County advised HUD that it was not opposed to Commerce City becoming its own entitlement. However, the County requested that an answer be provided by November 25, 2015 in order for it to meet its Urban County HUD requirements for PY2016. On November 24, 2015, Commerce City verbally advised the County of its intent to be its own entitlement under the HUD CDBG program. Therefore, it will be proceeding with terminating the IGA with the County related to its involvement with the Urban County and will not be receiving a 2016 CDBG allocation through the Urban County.
Funding for PY 2016/2017 is based on estimates from CDBG funds awarded in 2015 ($1,625,647) less Commerce City’s anticipated allocation ($400,000) for a total of $1,225,647. HUD notifies grantees of actual amounts in early 2016. Using the $1,225,647, and subtracting out the allowable 20% for administration costs, the estimated award for projects for PY2016/2017 is $980,518 (see below for calculations). In addition, $421,000 (partly from Adams County’s 2015 allocation and unprogrammed funds from previous years) needs to be reprogrammed to projects in 2016. Therefore, the total 2016/2017 CDBG Funding is projected to be $1,425,588.

2016/2017 PROJECT RECOMMENDATIONS:

Based on guidance from HUD, ACCD staff determined the best use of Adams County’s allocation of CDBG funds. All recommendations will meet HUD national objectives, as well as the County’s goals and objectives outlined in its 2015-2019 Consolidated Plan adopted in May, 2015 by the Board. The Consolidated Plan is a strategic plan that governs the use of federal housing and community development funds with three main objectives: 1) Housing; 2) Community and Economic Development; and 3) Senior and Prioritized Populations. The following are CDBG project recommendations for PY 2016/2017:

| City of Northglenn (ADA Sidewalks) | $205,347 |
| City of Brighton (Minor Home Repair) | $186,363 |
| City of Federal Heights (Code Enforcement) | $58,000 |
| City of Federal Heights (Minor Home Repair) | $14,878 |
| Town of Bennett (Public Facilities/Park) | $306,000 |
| Adams County Transportation Department (ADA Sidewalks) | $475,000 |
| Adams County (Minor Home Repair) | $180,000 |
| Total | $1,425,588 |
| Town of Bennett (Food Bank/Reserve Project) | $79,240 |
City of Northglenn: $205,347
Install new ADA compliant sidewalks in low to moderate income neighborhoods throughout the City to improve overall mobility and accessibility to residents. Such accessibility will include access to other residential areas as well as connections to neighborhood services in commercial areas and public facilities. Infrastructure improvements reduce neighborhood blight and decline while improving streetscapes for areas that are beyond their intended lifecycle.

City of Brighton: $186,363
Minor Home Repair Program (MHR) to individual homeowners with low-to-moderate income throughout the City. The program will address essential home repairs that are in danger of failure or that could lead to health, safety, or sanitation issues. ACCD staff will administer the MHR program for the City retaining 20% of the City’s allocation or approximately $37,000.

City of Federal Heights: $58,000
Salary for an inspector for the City’s Rental Housing Inspection Program to promote affordable, safe, sanitary, and healthy rental housing for residents. With an aging rental stock of approximately 2,500 rental units, this has been a successful city- wide program to bring the units into code compliance. The program has actively reduced deteriorating neighborhoods and slum/blight concerns.

City of Federal Heights: $14,878
Minor Home Repair Program (MHR) to individual homeowners with low-to-moderate income throughout the City. The program addresses repair issues that are in danger of failure or that could lead to health, safety, or sanitation issues. ACCD staff will administer the MHR program for the City retaining 20% of the City’s allocation or approximately $2,800.

Town of Bennett: $306,000
Fund the replacement of Centennial Park which was identified by the Town of Bennett in 2009 as a high priority for replacement after seeking community input on current and future park facility needs. Centennial Park is currently non-ADA compliant, poses public safety risks, and does not meet the needs of the current neighborhood users. The town believes the park will become a community resource and asset for this primarily very low income neighborhood.

Town of Bennett: $79,240 (Reserve Project)
This project is a reserve project if the Centennial project falls through. The Town of Bennett’s food bank is in need of new equipment to improve the capacity of the food storage by installing new commercial grade refrigerators and freezers. In addition, a new generator will ensure the protection of food during power outages. Funding of the project will expand the ability of the food bank to serve both senior and low to moderate income populations.

Unincorporated Adams County: $475,000
Install new sidewalks in the Berkeley neighborhood to improve overall mobility and accessibility of the residential neighborhood established in 1916 located within the southwestern corner of unincorporated Adams County. The project objectives are to enhance the overall historic neighborhood of Berkeley with ADA accessibility connectivity including ADA compliant sidewalks and the addition of ADA pedestrian ramps. Residents of Berkeley have expressed the need to provide pedestrian connectivity at numerous 2014 and 2015 community and town hall meetings. In addition, it would address the need for complete sidewalks as identified as a Goal in the Berkeley Neighborhood plan adopted by the County in 2008.
**Unincorporated Adams County, Minor Home Repair: $180,000**

MHR Program to individual homeowners with low-to-moderate income throughout unincorporated Adams County. The program addresses essential repair issues that are in danger of failure or that could lead to health, safety, or sanitation issues. ACCD staff will administer the MHR program for the County retaining 20% of County’s allocation or approximately $36,000.

2016-2017 CDBG Funding Recommendations

Adams County Community Development
Background

The Community Development Block Grant (CDBG), administered by the U.S. Department of Housing and Urban Development (HUD), provides local jurisdictions and non-profit agencies funding to improve the physical, economic and social conditions for low to moderate income populations in accordance with the County's 2015-2019 Consolidated Plan and 2016 Annual Action Plan to meet HUD national objectives.

*The Town of Bennett has received less than $50,000 in the past decade.*
Timeliness Ratio

- January 1\textsuperscript{st} – CDBG Test Date
  - Must be at or below 1.5x Annual Allocation
- January 1, 2015 – County did not meet timeliness
- Key KPI to be timely by end of 2015
- November 30, 2015 – HUD officially acknowledges the County’s timeliness status (1.42)
- December 2015 – ratio estimated to be 1.1
- KPI for 2016 estimated around 1.0
Next Steps

• November 17 – December 15, 2015
  – Public Comment Period
• December 15, 2015
  – BoCC Public Hearing
  – Begin Environmental Reviews
• Develop 2016 AAP
  – 30-day Public Comment Period
• Submit AAP to HUD late January/early February
  – 45-day HUD review period
• After AAP Approval:
  – Contracts Executed
  – Ensure Environmental clearances
  – Funding late-summer (HUD dependent)

Statement of Purpose

• What are We Trying to Do:
  • Support alternative sentencing programs, including community corrections, that:
    • Are comprehensive and coordinated;
    • Reduce correctional costs and incarcerated populations;
    • Strengthen the “Continuity of Care” to increase successful rehabilitative outcomes for individuals in the criminal justice system, and provide vital programs and services for offenders; and,
    • Ensure the overall safety of the residents in Adams County.

• Restore the operational capacity of the current community corrections system with an eye towards meeting future programmatic requirements.

• Improve the quality and stability of future operations.
Intent

- There is more than one possible path to success. We want to make an informed, collaborative decision.

- Our intent is to incorporate and represent the interests of our many stakeholders in the county and the criminal justice system, including the Community Corrections Board.
Does the County want to be a Property Owner of a Community Corrections Facility? *(Previous Decision Point)*

**County Managed:**

- **Positives**
  - Facility condition control
  - Better vendor transition control
  - Break-even/revenue opportunity
  - Eliminate alternative correctional facility uses
  - CUP with no end date (if existing facility is acquired)
  - Expansion capacity (if existing facility is acquired)
  - Facilitates possible future transition to county operations

- **Concerns**
  - Capital investment / financial risk
  - Maintenance and repair

**Vendor Managed:**

- **Positives**
  - Vendor financial liability and facility maintenance

- **Concerns**
  - Control of facility condition
  - Vendor transition limitations (separate owner condition)
Does the County want to have a Role in Managing the Program and Service Delivery of Community Corrections Programs? (Pending Decision Point)

**County Managed:**

- **Positives**
  - Program / profit focus more balanced
  - Collaborative opportunities with other entities
  - Operational stability (staffing)
  - Program development flexibility
  - Possible revenue generation depending on size/bed space/program

- **Concerns**
  - Higher cost (staffing)
  - Possible subsidy depending on size/bed space/program
  - Longer program implementation timeframe

**Vendor Managed:**

- **Positives**
  - Developed programmatic experience and expertise
  - Existing vendor community in place
  - Financial liability on vendor

- **Concerns**
  - Different profit / program balance
  - Reduced operational / program control
Comprehensive Strategy

- Alternative Sanctions Subcommittee
  - Opportunities to strengthen and diversify all alternative sanctions and diversion options within Adams County (i.e., community corrections, probation, pretrial services, juvenile services).
  - Offices involved: County Manager, Judiciary, Sheriff, Probation, Public Defender’s Office, District Attorney’s Office, Community Corrections, Victim Services, Criminal Justice Planning.
  - Six-month project plan.
Community Corrections Strategy

- **What are We Trying to Do:**
  - **Oversee community corrections, that:**
    - Reduce correctional costs and incarcerated populations;
    - Create successful rehabilitative outcomes for individuals in the criminal justice system by providing vital programs and services for offenders; and
    - Ensure the overall safety of the residents in Adams County.
  - Restore the operational capacity of the current community corrections system with an eye towards meeting future programmatic requirements.
  - Improve the quality and stability of future operations.
Analysis

• What we’ve done:
  • Facility analysis and purchase negotiations.
  • County-run operational staffing analysis, financial pro-forma and needs analysis.

• What other information is being / could be compiled:
  • Committee long-term alternative sanctioning strategy.
  • Staffing analysis / financial pro-forma could be fleshed out with implementation strategy.
RFP

- Previous staff recommendation to issue RFP while developing longer-term alternative sanctions strategy.

- Threshold question for today’s study session:
  - Has BoCC received adequate information to make the decision to issue an RFP or not, or is additional information/analysis desired?
