"Customer" shall include Customer's Affiliate(s) if: (i) such Customer Affiliate(s) are approved by SecureWorks to purchase MSS Services under this Agreement by such Affiliate(s) executing a Service Order for such MSS Services directly with SecureWorks ("**Signing Customer Affiliate(s)**") or by Customer executing a Service Order for such MSS Services on such Affiliate(s)' behalf, (ii) such Customer Affiliate(s) are receiving the benefit of the MSS Services through Customer's purchase of the MSS Services, or (iii) such Customer Affiliate(s)' data is included, accessed or received by SecureWorks in connection with the performance of the MSS Services for Customer. SecureWorks will be excused from any failure to perform its obligations under this Agreement to the extent such failure is caused by Customer's delay or failure to perform its responsibilities under this Agreement.

3.2 If and to the extent that SecureWorks is providing managed or co-managed MSS Services hereunder, the obligations of SecureWorks to comply with the SLAs applicable to the MSS Services are dependent on SecureWorks' ability to connect directly to the Customer devices on the Customer's network through an authenticated server in SecureWorks' secure operations center. If and to the extent that SecureWorks is required to connect to Customer devices via Customer's VPN or other indirect or nonstandard means, then to the extent that SecureWorks is required to make adds, moves, or changes to or otherwise access such devices in connection with any incident response or help desk request, SecureWorks (i) can make no guarantees or give any assurances of compliance with the SLAs with respect thereto and (ii) shall have no responsibility or liability for any failure to perform or delay in performing its obligations or meeting its SLAs hereunder.

3.3 In providing the vulnerability assessment service (if purchased by Customer) (the "**Vulnerability Assessment Service**"), SecureWorks will take all reasonable precautions to minimize negative impact to Customer's computer systems and network; however, Customer acknowledges that performance of such

Customer hereby unconditionally and irrevocably releases and acquits SecureWorks and its Affiliates from any and all claims, demands, actions, proceedings, liabilities, obligations, losses, damages, costs, and expenses in connection with any negative impact or degradation to Customer's computer systems or networks resulting from the Vulnerability Assessment Service.

3.4 Customer acknowledges that SecureWorks' performance and delivery of the MSS Services are contingent upon: (A) Customer providing safe and hazard-free access to its personnel, facilities, equipment, hardware, network and information, and (B) Customer's timely decision-making, providing the requested information and granting of approvals or permissions. Customer (i) has obtained or shall promptly obtain and provide to SecureWorks any required licenses, approvals or consents necessary for SecureWorks' performance of the MSS Services and (ii) shall perform such actions and tasks, in each case, as may be reasonably requested by SecureWorks to enable SecureWorks to perform the MSS Services in accordance with this Agreement (including, but not limited to, the Customer responsibilities set forth in a Service Order). SecureWorks will be excused from its failure to perform its obligations under this Agreement to the extent such failure is caused by Customer's delay in performing or failure to perform its responsibilities under this Agreement and/or the applicable Service Order.

3.5 Customer is responsible for providing timely, accurate and complete information and reasonable assistance to SecureWorks, and Customer acknowledges and agrees that information developed by the MSS Services or advice and recommendations of SecureWorks in connection therewith may be impacted by untimely, inaccurate or incomplete information provided by Customer. Unless otherwise agreed in writing, SecureWorks will not validate or confirm any information or materials provided by Customer.

3.6 Customer is responsible for all management functions and decisions, including establishing and maintaining Customer's internal controls, evaluating and accepting the adequacy of the MSS Services in addressing Customer's needs and making decisions whether to proceed with advice and recommendations of SecureWorks.

3.7 If SecureWorks is requested by Customer, or required by government regulation, regulatory agency, subpoena, or other legal process, to produce Customer Reports (as defined in Section 5.3), documentation or SecureWorks personnel for testimony or interview with respect to the MSS Services, Customer will reimburse SecureWorks' and its counsel's expenses and professional time incurred in responding to such a request.

4. Term and Termination

4.1 **Term of Agreement**. The term of this Agreement shall commence on the Effective Date and shall continue until all Service Orders hereunder have expired or been terminated.

5.1 **Customer's Proprietary Rights**. Customer represents and warrants that it has the necessary rights, power and authority to transmit Customer Data (as defined below) to SecureWorks under this Agreement, including with respect to all federal, state, local and international laws, rules and regulations (collectively, "**Applicable Laws**") applicable to Customer Data. As between Customer and SecureWorks, Customer will own all right, title and interest in and to (i) (A) any data provided by Customer and/or its Affiliate(s) to SecureWorks and (B) Customer and/or its Affiliate(s)' data accessed or used by SecureWorks or transmitted by Customer and/or its Affiliate(s) to SecureWorks or SecureWorks Equipment in connection with SecureWorks' provision of the MSS Services, including, but not limited to, Customer's and/or its Affiliate(s)' data included in any written or printed summaries, analyses or reports generated in connection with the MSS Services (Customer and its Affiliate(s)' data collectively, "**Customer Data**"), (ii) all intellectual property, including patents, copyrights, trademarks, trade secrets and other proprietary rights and information (collectively, "**IP**") of Customer that may be made available to SecureWorks in the course of providing MSS Services under this Agreement, and (iii) all Confidential Information (as defined in Section 6) of

Customer grants to SecureWorks a limited, non-exclusive license to use the Customer Data to perform the Services. As between Customer and SecureWorks, SecureWorks will own all right, title and interest in and to the Products and MSS Services. This Agreement does not transfer or convey to Customer, any of its Affiliates, or any third party, any right, title or interest in or to the Products and MSS Services or any associated IP rights, but only a limited right of use as granted in and revocable in accordance with this Agreement.
