Unless otherwise agreed to in writing by the parties, the Contractor shall bill for such services at the rates provided for in this Agreement.

2. RESPONSIBILITIES OF THE COUNTY: The County shall provide information as necessary or requested by the Contractor to enable the Contractor's performance under this Agreement.

3. TERM:

- 3.1. Term of Agreement: The Term of this Agreement shall commence upon receipt of Notice to Proceed. This Agreement will expire on December 31, 2017.

The Contractor shall be solely and entirely responsible for his/her acts and the acts of his/her employees, agents, servants, and subcontractors during the term and performance of this Agreement. No employee, agent, servant, or subcontractor of the Contractor shall be deemed to be an employee, agent, or servant of the County because of the performance of any services or work under this Agreement. The Contractor further understands that it is solely obligated for the payment of federal and state income tax on any moneys earned pursuant to this Agreement.

6. **NONDISCRIMINATION:**

6.1. **The Contractor shall not discriminate against any employee or qualified applicant for employment because of age, race, color, religion, marital status, disability, sex, or national origin. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices provided by the local public agency setting forth the provisions of this nondiscrimination clause. Adams County is an equal opportunity employer.**

6.1.1. The Contractor will cause the foregoing provisions to be inserted in all subcontracts for any work covered by this Agreement so that such provisions will be binding upon each subcontractor, provided that the foregoing provisions shall not apply to contracts or subcontracts for standard commercial supplies or raw materials.

7. **INDEMNIFICATION:** The Contractor agrees to indemnify and hold harmless the County, its officers, agents, and employees for, from, and against any and all claims, suits, expenses, damages, or other liabilities, including reasonable attorney fees and court costs, arising out of damage or injury to persons, entities, or property, caused or sustained by any person(s) as a result of the Contractor's performance or failure to perform pursuant to the terms of this Agreement or as a result of any subcontractors' negligent performance or failure to perform pursuant to the terms of this Agreement.

8.5.3. Any and all deductibles contained in any insurance policy shall be assumed by and at the sole risk of the Contractor.

8.6. Licensed Insurers: All insurers of the Contractor must be licensed or approved to do business in the State of Colorado. Upon failure of the Contractor to furnish, deliver and/or maintain such insurance as provided herein, this Agreement, at the election of the County, may be immediately declared suspended, discontinued, or terminated. Should the Contractor fail to proceed promptly in accordance with the standard of care, the County may have such work performed at the expense of the Contractor. This section does not relieve the Contractor from liability for errors that become known after one year.

11. TERMINATION:

11.1. For Cause: If, through any cause, the Contractor fails to fulfill its obligations under this Agreement in a timely and proper manner, or if the Contractor violates any of the covenants, conditions, or stipulations of this Agreement, the County shall thereupon have the right to immediately terminate this Agreement, upon giving written notice to the Contractor of such termination and specifying the effective date thereof.

11.2. For Convenience: The County may terminate this Agreement at any time by giving written notice as specified herein to the other party, which notice shall be given at least thirty (30) days prior to the effective date of the termination. If this Agreement is terminated by the County, the Contractor will be paid an amount that bears the same ratio to the total compensation as the services actually performed bear to the total services the Contractor was to perform under this Agreement, less payments previously made to the Contractor under this Agreement.

12. MUTUAL UNDERSTANDINGS:

12.1. Jurisdiction and Venue: The laws of the State of Colorado shall govern as to the interpretation, validity, and effect of this Agreement. The parties agree that jurisdiction and venue for any disputes arising under this Agreement shall be with Adams County, Colorado.

12.2. Waiver: Waiver of strict performance or the breach of any provision of this Agreement shall not be deemed a waiver, nor shall it prejudice the waiving party's right to require strict performance of the same provision, or any other provision in the future, unless such waiver has rendered future performance commercially impossible.
- 12.7. Force Majeure: Neither party shall be liable for any delay or failure to perform its obligations hereunder to the extent that such delay or failure is caused by a force or event beyond the control of such party including, without limitation, war, embargoes, strikes, governmental restrictions, riots, fires, floods, earthquakes, or other acts of God.

scope considers that standard Type D Personal Protection Equipment (PPE) is appropriate and that drumming of cuttings and decontamination of our drilling equipment will not be required. If such conditions are known to exist on the site, Terracon should be notified so that we may adjust our scope of services and fee, if necessary.

In the event that suspected environmental impacts are observed or encountered during the field exploration, the Client will be notified. The potential of environmental impact to field program represents a change in condition for the project. The environmental services related to continuing the field exploration are not included in this scope or services. Terracon is available to provide these services as a supplement to this proposal.

2.2 Laboratory Testing

Representative soil/bedrock samples will be tested in our laboratory to determine pertinent engineering characteristics. Testing will be performed under the direction of a geotechnical engineer and may include the following:

- Visual classification
- Moisture content
- Dry density
- Grain size analyses
- Atterberg limits
- Expansion/consolidation potential
- Proctor moisture-density relationship
- R-value
- Water soluble sulfate content

2.3 Geotechnical Engineering Analysis and Report

The results of our field and laboratory programs will be evaluated by a professional geotechnical engineer. The engineer will develop an analysis of subsurface conditions, perform the engineering calculations necessary to provide pavement thickness alternatives. At the completion of our engineering analyses, we will prepare a geotechnical engineering report that provides the following:

- Subsurface exploration procedures.
- Subsurface soil/bedrock conditions.
- Groundwater level observations.
- Boring location plan and computer generated subsurface profile and boring logs with soil stratification based on visual soil classification and laboratory testing
- Laboratory test data.
- Earthwork recommendations including: excavations, grading, and subgrade preparation.

- Pavement thickness design and recommended specifications for the proposed roadway. Design will be performed using a mechanistic pavement design computer program.

3.0 SCHEDULE

We have developed a schedule to complete the scope of work stated in Sections 2.1 through 2.3 based upon our existing availability at the date of this revised proposal. We anticipate starting the field work within about 10 working days of receiving written notice to proceed, to allow time for permitting, traffic control scheduling, and the utility meet. The field exploration will take about 2 to 3 days to complete. We will complete laboratory testing, perform the geotechnical engineering services and issue our geotechnical engineering report within 30 to 35 working days of receiving written notice to proceed.

The schedule above is predicated upon our current availability and our understanding of your schedule needs. In the event the schedule provided is inconsistent with your needs, please contact us, and we will consider alternatives.

Because the schedule suggested above is tentative and dependent upon receipt of your notice to proceed, we will provide you with a specific schedule for the conduct of the project at the time of your issuance of notice to proceed.

4.0 COMPENSATION

Using our estimate of the work scope as outlined in Section 2, and our unit rates for the various work items, we have developed an estimate of fees for this project.

4.1 Geotechnical Engineering Services

Services	Lump Sum Fee
GEOTECHNICAL ENGINEERING SERVICES – (See Sections 2.1 to 2.3)	\$21,450.00

Unless instructed otherwise, we will submit our invoice(s) to the address shown at the beginning of this proposal.

In the event that we encounter unanticipated conditions that would require variation in the work scopes as noted in Section 2.1 through 2.3, we will notify you of this variation, and we will send a supplemental proposal stating the modified work scope as well as its impact on our fee. We will not proceed without your authorization, as evidenced by your signature on the Supplemental Agreement form.
