5. TERM OF AGREEMENT: This is a one-year agreement with the option of one one-year renewals.

5.1. OPTION TO RENEW FOR ONE (1) SUBSEQUENT YEAR (MAINTAINING SAME PRICES): The prices or discounts quoted by the Contractor in its Proposal shall prevail for the term of the Agreement, at which time the County shall have the option to renew the Agreement for one (1) subsequent one year period, provided, however, that such Contractor will maintain the same prices or discounts that were agreed to in the initial Agreement. Continuation of the Agreement beyond the initial period is a County prerogative and not a right of the Contractor. This prerogative will be exercised only when such continuation is clearly in the best interest of the County and upon budget approval.
6. **CONTRACTUAL OBLIGATIONS**

6.1. The successful Contractor will be required to sign an Agreement substantially similar to the Agreement form in Appendix A. The County reserves the right to add or delete provisions to the form prior to Agreement execution.

6.2. Issuance of this solicitation does not commit the County to award any Agreement or to procure or Agreement for any equipment, materials or services.

6.3. If a formal Agreement is required, the Contractor agrees and understands that a Notice of Award does not constitute an Agreement or create a property interest of any nature until an Agreement is signed by the Awardee and the Board of County Commissioners and/or their authorized designee.

6.4. Contractor is responsible for reviewing the form Agreement and understanding the terms and conditions contained therein, including, but not limited to, insurance requirements, indemnification, illegal aliens, equal opportunity, non-appropriation, and termination.

6.5. Contractor’s Response must state its willingness to enter into the form Agreement or Contractor shall identify and include any proposed revisions they have for the form Agreement. Any proposed revisions made by the Contractor after the County Notice of Intent to Award the Solicitation may be grounds for rescinding said Notice. The identification of willingness to enter into the standard Agreement is for general purposes at this time, but is part of the evaluation process and must be included. There may be negotiations on a project-by-project basis that provide further clarification.

6.6. Incorrect Pricing/Invoicing. As part of any award resulting from this process, Contractor(s) will discount all transactions as agreed. In the event the County discovers, through its Agreement monitoring process or formal audit process, that material or services were priced/invoiced incorrectly, Contractor(s) agree to promptly refund all overpayments and to pay all reasonable audit expenses incurred as a result of the non-compliance.

6.7. The County may, during the term of the Agreement and any extensions, request additional work at other locations throughout Adams County by the successful Contractor.

6.8. Pricing MUST be submitted in a separate sealed envelope.

7. **METHOD OF AWARD** - It is the intent of the County to award an Agreement to the Contractor who provides the best value for Adams County.

7.1. Evaluation criteria, other than costs, are evaluated first. After rating the written Responses, costs are then considered against trade-offs such as satisfaction of requirements in the Solicitation, qualifications and financial condition of the Contractor, risk and incentives.

7.2. If it is in the best interest of the County, the Evaluation Committee may invite a limited number of Contractors to provide an oral presentation.
7.3. The County reserves the right to conduct negotiations with Contractors and to accept revisions of Responses. During this negotiation period, the County will not disclose any information derived from Responses submitted, or from discussions with other Contractors. Once an award is made, the Solicitation file and the Responses contained therein are in the public record.

8.6. Questions which arise during the Response preparation period regarding issues around this Solicitation, purchasing and/or award should be directed, via e-mail, to Shawn Hartmann, Contract Specialist II, Purchasing Division, Adams County, Shartmann@adcogov.org. The Contractor submitting the question(s) shall be responsible for ensuring the question(s) is received by the County by the date listed above in the schedule of activities for submitting the question(s) regardless of the method of delivery.

8. Any official interpretation of this RFP must be made by an agent of the County’s Purchasing Division who is authorized to act on behalf of the County. The County shall not be responsible for interpretations offered by employees of the County who are not agents of the County’s Purchasing Division.

9. COOPERATIVE PURCHASING: Adams County encourages cooperative purchasing in an effort to assist other agencies to reduce their cost of bidding and to make better use of taxpayer dollars through volume purchasing. Contractor(s) may, at their discretion, agree to extend the prices and/or terms of the resulting award to other state or local government agencies, school districts, or political subdivisions in the event they would have a need for the same product/service. Usage by any entity shall not have a negative impact on Adams County in the current term or in any future terms.

10. The Contractor(s) must deal directly with any governmental agency concerning the placement of purchase orders/agreements, freight/delivery charges, Contractual disputes, invoices, and payments. Adams County shall not be liable for any costs or damages incurred by any other entity.

11. BUDGET: Budget will not be disclosed.

12. DEBARMENT: By submitting this proposal, the Contractor warrants and certifies they are eligible to submit a proposal because their company and/or subcontract(s) is/are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in a transaction by any Federal, State, or local department or agency.

IV. Detailed Scope/Specification Requirements

Colorado Air and Space Port Subarea Plan
Request for Proposal: Scope of Work

1. Background

Colorado Air and Space Port

In 2018, the Federal Aviation Administration (FAA) granted a site operator license to what was then referred to as the Front Range Airport. The license was the 11th of its kind granted in the United States. After receiving a license for a horizontal launch facility, the airport changed its name to the Colorado Air and Space Port (CASP). The Spaceport’s 3,200 acres of land makes CASP larger than all other general aviation airports combined.

Colorado Air and Space Port will serve as the Nation’s hub for commercial space transportation, research, and development. Colorado has a robust aerospace industry, which includes 180 aerospace companies and more than 500 suppliers providing space-related products and services. CASP is located six miles from Denver International Airport (DEN), provides easy access from the interstate, and is in proximity to a rail line. The Spaceport is surrounded by multiple jurisdictions, including unincorporated Adams County, the City of Aurora, the Town of Bennett, and the City and County of Denver. Each of these jurisdictions play a key role in the development around the Spaceport, and will be integral to the success of the aerotropolis region.

Adams County

Founded in 1902, Adams County is located northeast of Denver and has a total population of over 500,000. The County covers an area of approximately 1,182 square miles and contains a diverse mix of land uses varying from older cities to new green-field suburbs, to expanses of rangeland. Ten (10) municipalities (Arvada, Aurora, Brighton, Bennett, Commerce City, Federal Heights, Lochbuie, Northglenn, Thornton, and Westminster) are found within or partially within the County. Counties contiguous with Adams include the City and County of Denver and Arapahoe County to the south, Jefferson County and the
City and County of Broomfield to the west, Weld and Washington Counties to the north, and Morgan County to the east.

2. **Project Overview**

The purpose of the Subarea Plan is to provide a vision for the desired future for this area, and to serve as a guide for review of future development proposals. The Subarea Plan will offer greater details about the intended future of the area around the Colorado Air and Space Port, including land uses, infrastructure requirements, and development policies and standards. Development is slowly increasing in the area, so it’s important to address near-term, as well as long-term goals for the defined area, as shown on Exhibit A. The Subarea Plan will identify issues and details for future decisions, while providing appropriate policy guidance, given the area’s unique location surrounding the Colorado Air and Space Port, as well as the aerotropolis that is envisioned around Denver International Airport. The Plan will also need to take into consideration any impacts the Airport Influence Zone (AIZ), Noise, and height overlays may have on future development.

**Study Area**

The general area of the Subarea Plan can be seen in Exhibit A, but preliminarily includes Interstate 70 to the south, Harback Road to the east 72nd Avenue to the north, and Hudson Road to the West. This boundary could change during the Subarea planning process, depending on additional input from stakeholders.

3. **Statement of Work**

Adams County is seeking a consultant to perform a comprehensive study of the Colorado Air and Space Port Subarea and develop a Colorado Air and Space Port Subarea Plan. This study will evaluate current and proposed land uses, as it relates to appropriate uses surrounding the Spaceport, current infrastructure and infrastructure challenges and needs related to development, open space, and the potential for nearby housing needs. The study will also need to incorporate specific Federal Aviation Administration (FAA) requirements, as they relate to potential development within the Subarea Plan boundary. The study should look at future development in the aerotropolis area, ensure development needs are being met, and take into account the comprehensive plans of the surrounding jurisdictions. The Subarea plan will examine and make recommendations on the following topics:

- Vision for appropriate future land use development
  - Clarify and refine areas designated for potential Commercial, Industrial, Employment Center, and Air Park land uses
  - Ensure uses are compatible with the future land use designation in other municipalities
  - Create a future land use map consistent with the County’s Comprehensive Plan and stakeholder vision for the area
  - Make recommendations for future zoning code changes, including potential new zone districts and/or overlay districts
- Adjacent land uses
The Subarea Plan shall be sensitive to adjacent land uses located in other jurisdictions. The Plan should identify appropriate transitions between commercial/light industrial and neighboring residential.

With the increase in solar farms in the area, the Plan should address the appropriate location for future solar development.

- Infrastructure Needs
  - The consultant should examine current infrastructure needs as it relates to water, wastewater, telecommunications, data and transportation improvements, and make appropriate recommendations.

4. Approval Process

The Consultant, along with County staff, may be expected to present at a study session before the Planning Commissions for the City of Aurora and for Adams County. There may also be the potential to present to the Town of Bennett Planning Commission. A study session will also be required with the Adams County Board of County Commissioners (BoCC) at the time that draft plan recommendations are being developed. The plan may be reviewed and recommended by Planning Commission for adoption by the Adams County Board of County Commissioners.

5. Professional Qualifications

- Preference will be given to specific airport planning experience around municipal airports and/or Spaceports.
- The Consultant will have experience with successful subarea plans in Colorado.
- The Consultant must demonstrate a history of at least two (2) similar projects during the last five (5) years.
- The Consultant must demonstrate they have staff or subconsultants qualified in the fields of land use planning, transportation planning/engineering, water and storm drainage requirements, floodplain requirements, and urban design.

6.2 Develop a Public and Stakeholder Involvement Process
   a. Gather input through two public meetings – to identify concerns within the area and obtain input about their vision and draft plan recommendations for the area.
   b. With County staff, assemble a group of stakeholders, which shall meet every four to six weeks throughout the planning process and will guide the visioning for the Subarea Plan.
   c. With County staff, develop a technical task force, which will be made up of Planners and Engineers from surrounding jurisdictions. The task force would meet every four to six weeks throughout the process and will guide the assessment of the infrastructure needs in the Subarea Plan.

   a. Analyze long range plans for the surrounding jurisdictions to determine commonalities, differences, and identified future land uses contained within the Subarea.

In the event that funds become unavailable, as determined by the County, the County may immediately terminate this Agreement or amend it accordingly.

5. **INDEPENDENT CONTRACTOR:** In providing services under this Agreement, the Contractor acts as an independent contractor and not as an employee of the County. The Contractor shall be solely and entirely responsible for his/her acts and the acts of his/her employees, agents, servants, and subcontractors during the term and performance of this Agreement. No employee, agent, servant, or subcontractor of the Contractor shall be deemed to be an employee, agent, or servant of the County because of the performance of any services or work under this Agreement. The Contractor, at its expense, shall procure and maintain workers’ compensation insurance as required by law. **Pursuant to the Workers’ Compensation Act § 8-40-202(2)(b)(IV), C.R.S., as amended, the Contractor understands that it and its employees and servants are not entitled to workers’ compensation benefits from the County. The Contractor further understands that it is solely obligated for the payment of federal and state income tax on any moneys earned pursuant to this Agreement.**

6. **NONDISCRIMINATION:**

6.1. **The Contractor shall not discriminate against any employee or qualified applicant for employment because of age, race, color, religion, marital status, disability, sex, or national origin. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices provided by the local public agency setting forth the provisions of this nondiscrimination clause. Adams County is an equal opportunity employer.**

6.1.1. The Contractor will cause the foregoing provisions to be inserted in all subcontracts for any work covered by this Agreement so that such provisions will be binding upon each subcontractor, provided that the foregoing provisions shall not apply to contracts or subcontracts for standard commercial supplies or raw materials.

7. **INDEMNIFICATION:** The Contractor agrees to indemnify and hold harmless the County, its officers, agents, and employees for, from, and against any and all claims, suits, expenses, damages, or other liabilities, including reasonable attorney fees and court costs, arising out of damage or injury to persons, entities, or property, caused or sustained by any person(s) as a result of the Contractor's performance or failure to perform pursuant to the terms of this Agreement or as a result of any subcontractors’ performance or failure to perform pursuant to the terms of this Agreement.

- **Underwriters shall have no right of recovery or subrogation against the County**, it being the intent of the parties that the insurance policies so affected shall protect both parties and be primary coverage for any and all losses resulting from the actions or negligence of the Contractor.

- **The insurance companies issuing the policy or policies shall have no recourse against the County for payment of any premiums due or for any assessments under any form of any policy.**

- **Any and all deductibles contained in any insurance policy shall be assumed by and at the sole risk of the Contractor.**

8.6. **Licensed Insurers**: All insurers of the Contractor must be licensed or approved to do business in the State of Colorado. Upon failure of the Contractor to furnish, deliver and/or maintain such insurance as provided herein, this Agreement, at the election of the County, may be immediately declared suspended, discontinued, or terminated. Failure of the Contractor in obtaining and/or maintaining any required insurance shall not relieve the Contractor from
any liability under this Agreement, nor shall the insurance requirements be construed to conflict with the obligations of the Contractor concerning indemnification.

8.7. Endorsement: Each insurance policy herein required shall be endorsed to state that coverage shall not be suspended, voided, or canceled without thirty (30) days prior written notice by certified mail, return receipt requested, to the County.

The Contractor further warrants and guarantees that the plans and specifications incorporated herein are free of fault and defect sufficient for Contractor to warrant the finished product after completion date. Should the Contractor fail to proceed promptly in accordance with this guarantee, the County may have such work performed at the expense of the Contractor. This section does not relieve the Contractor from liability for defects that become known after one year.

11. TERMINATION:

11.1. For Cause: If, through any cause, the Contractor fails to fulfill its obligations under this Agreement in a timely and proper manner, or if the Contractor violates any of the covenants, conditions, or stipulations of this Agreement, the County shall thereupon have the right to immediately terminate this Agreement, upon giving written notice to the Contractor of such termination and specifying the effective date thereof.

11.2. For Convenience: The County may terminate this Agreement at any time by giving written notice as specified herein to the other party, which notice shall be given at least thirty (30) days prior to the effective date of the termination. If this Agreement is terminated by the County, the Contractor will be paid an amount that bears the same ratio to the total compensation as the services actually performed bear to the total services the Contractor was to perform under this
Agreement, less payments previously made to the Contractor under this Agreement.

12. MUTUAL UNDERSTANDINGS:

12.1. Jurisdiction and Venue: The laws of the State of Colorado shall govern as to the interpretation, validity, and effect of this Agreement. The parties agree that jurisdiction and venue for any disputes arising under this Agreement shall be with Adams County, Colorado.

OSHA: The Contractor shall comply with the requirements of the Occupational Safety and Health Act (OSHA) and shall review and comply with the County’s safety regulations while on any County property. Failure to comply with any applicable federal, state or local law, rule, or regulation shall give the County the right to terminate this agreement for cause.

12.6. Waiver: Waiver of strict performance or the breach of any provision of this Agreement shall not be deemed a waiver, nor shall it prejudice the waiving party's right to require strict performance of the same provision, or any other provision in the future, unless such waiver has rendered future performance commercially impossible.

12.7. Force Majeure: Neither party shall be liable for any delay or failure to perform its obligations hereunder to the extent that such delay or failure is caused by a force or event beyond the control of such party including, without limitation, war,
embargoes, strikes, governmental restrictions, riots, fires, floods, earthquakes, or other acts of God.
