Application for a Conditional Use Permit

We are requesting a Conditional Use Permit to install an off-premise sign with Electronic Messaging capability on the property known as 48 E. 56th Avenue, parcel #0182515100001.

We have submitted a request for a variance to overcome the hardships on this property to expand the square footage from the maximum size allowed by the sign code of 10'by30' to a more standard interstate size of 14'by48' in a V'd configuration for the faces. In addition, we have requested a taller sign to avoid the power lines along the west property line to a height of 55 feet. Our packet provided to the Board of Adjustments has the details related to our requests.

The County's Board of Adjustment has provided these variances for several other properties along the interstate due to excessive setbacks from the interstate caused by the off-ramps, excessive Right-of-Way separation, and additional streets between the interstate.

As part of the condition for the permit we are agreeable and proposing an obligation to provide or share messaging space on the EMC to promote Adams County Fair events and activities.
Dear Commission:

I am applying for an off-premise sign which is a use allowed under the current I-1 zoning on my property at 48 East 56th Avenue. This additional use will provide a needed secondary revenue source from our property and provide an opportunity to use the billboard to promote performers and events at the Grizzly Rose located just to the south.

We have operated our primary business at the Grizzly Rose for 10 years, currently employing 75 people from our property, and generating $130,000 in annual sales tax revenues. The opportunity to promote the Rose from my property to the north will be an important support to increase our business operation there, and support our investment at both properties.

We have entered an agreement with StreetMediaGroup as our strategic partner to cover the expensive costs of purchasing and operating the digital signs. Their expertise and financial commitment to this undertaking will assure our success and we solicit your guidance through the permitting process and eventual approval of this additional use.

Thank you for your support and consideration of our application.

Kind regards,
