Complaints Reported to the COGCC

Report Date	Operator	Pad Name	Complaint	Resolution
5/22/2018	Petroshare	Shook	A complaint was received by the COGCC with concerns about noise and vibrations.	A COGCC inspector responded to the complaint. The inspector reviewed third party sound record which were provided by the operator. The records did not identify violations of COGCC noise regulations.
6/26/2018	Great Western Operating	Ocho	A complaint was received by the COGCC with concerns about noise.	A COGCC inspector responded to the complaint and found no violations.
7/9/2018	Great Western Operating	Ocho	A complaint was received by the COGCC with concerns about noise and lighting.	A COGCC inspector responded to the complaint and found no violations.
9/6/2018	Great Western Operating	Anderson	Earthworks, a National Environmental Group, recorded various wells and facilities in and around Adams County. Those videos were then uploaded to the COGCC as emission release complaints.	Emissions and air quality are regulated and enforced through CDPHE, so these complaints were referred to that State agency.
9/6/2018	Extraction Oil and Gas	PC		
9/6/2018	KP Kauffman	Guthrie		
9/20/2018	Great Western Operating	Schaefer	A complaint was received by the COGCC with a request for post-fracking water well sampling.	The COGCC sampled the two water wells, as requested.
10/9/2018	Fritzler Resources	Chris Wailes #1	A complaint was received by the COGCC with concerns about leaking natural gas.	Pending COGCC Investigation
11/15/2018	Extraction Oil and Gas	Prairie Center	Visible smoke was observed by a resident driving past the facility. The resident took photos of the smoke and filed a complaint with the COGCC, which was then referred to CDPHE.	CDPHE conducted an inspection and was unable to verify the cause of the smoke documented by the complainant. Extraction stated the smoke was the result of an Enclosed Combustion Device (ECD) that was out of adjustment. Extraction adjusted the ECD and eliminated the cause of smoke.
