Written Explanation for 5200 Wyandot st. Rezoning

Regan and Elizabeth Foster are wanting to rezone their 5200 Wyandot lot to R-3 to match the surrounding zoning so they can build a triplex in the north side of their lot. There are no final architectural plans at this point for review with full descriptions of buildout but there is a basic site plan provided which lays out a conceptual idea that meets the building setbacks, frontage and access. Provided is a site plan, proof of ownership, property taxes are current and will be paid prior to final rezoning, proof of access for water, electric and sewer. As of now we do not have a definitive plan for final build out but are in the beginning stages of rezoning.

Written explanation of the agreement and all public improvements:

Copy of proposed subdivision improvements agreement:

The purpose of this project is to subdivide 5200 Wyandot St. and rezone the back parcel to an R3 zoning and build a triplex. The timeframe of construction plans to complete the project are within two years of the approval of the subdivision. As of now we are working to subdivide and rezone the lot. Once this is completed we will work on completing construction drawings to submit for building permit. The improvements what will be made to 5200 Wyandot St. will be sidewalk, curb and gutter along 52nd and Wyandot along the entire property. All construction is proposed to be completed within two years of the approval of the subdivision. Rough estimates of improvements are estimated at $60,000.

To Whom It May Concern:

RE: Proposed Property Subdivision at 5200 Wýandot Street, Denver CO 80222.

The District welcomes infill development within its boundaries and, while the District takes no position on Mr. Foster’s specific plans, we believe that a community should include a wide choice of high quality housing to meet the resident’s needs. This project proposes to subdivide the current property and sell land zoned as R-3 for future development.

In reviewing Mr. Foster’s current proposal, we have determined that the impact of the proposed property subdivision on the District would be minimal. Currently, the District has the capacity to absorb students generated by this project within its existing schools.

In considering the minimal impact to the District by new students who may reside in the development, the District believes it is important to focus on the quality of the development and the degree to which it will revitalize the community in the years ahead. The District believes development on the south end of the District will provide suitable living accommodations for the citizens of the community and, in general, will have an overall positive impact on the existing neighborhood.

Sincerely,

James Duffy, Ed.D.

WARRANTY DEED

THIS DEED, made this 7th day of November, 2014, between Ann Mariah Brown of the County of Adams and State of Colorado, grantor(s), and Regan Foster and Elizabeth Foster, grantees:

whose legal address is
of the County of Adams and State of Colorado:

WITNESS, that the grantor(s), for and in consideration of the sum of two hundred twenty thousand and 00/100 DOLLARS ($220,000.00), the receipt and sufficiency of which is hereby acknowledged, has granted, bargained, sold and conveyed, and by these presents does grant, bargain, sell, convey and confirm unto the grantees, their heirs and assigns forever, JOINTS TENANTS, all the real property, together with improvements, if any, situate, lying and being in the County of Adams and State of Colorado, described as follows:

Plot 5, Except the North 93.75 Feet, Robbins Subdivision, County of Adams, State of Colorado.

also known by street and number as: 5200 Wyandot Street, Denver, CO 80221

TOGETHER with all and singular the hereditaments and appurtenances thereunto belonging, or in anywise appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof, and all the estate, right, title, interest, claim and demand whatsoever of the grantor(s), either in law or equity, of, in and to the above bargained premises, with the hereditaments and appurtenances;

TO HAVE AND TO HOLD the said premises above bargained and described, with the appurtenances unto the grantees, their heirs and assigns forever. The grantor(s), for himself, his heirs, and personal representatives, does covenant, grant, bargain and agree to and with the grantees, their heirs and assigns, that at the time of the eneasing and delivery of the premises, he is well seized of the premises above conveyed, has good, sure, perfect, absolute and indefeasible estate of inheritance, in law, in fee simple, and has good right, full power and lawful authority to grant, bargain, sell and convey the same in manner and form as aforesaid, and that the same are free and clear from all former and other grants, bargains, sales, liens, taxes, assessments, encumbrances and restrictions of whatever kind or nature soever, except general taxes for the current year and subsequent years, and except easements, covenants, conditions, restrictions, reservations, and rights of way of record, if any.

The grantor(s) shall and will WARRANT AND FOREVER DEFEND the above-bargained premises in the quiet and peaceable possession of the grantees, their heirs and assigns, against all and every person or persons lawfully claiming the whole or any part thereof.

The singular number shall include the plural, the plural the singular, and the use of any gender shall be applicable to all genders.

IN WITNESS WHEREOF, the grantor has executed this deed on the date set forth above.

RE: 5200 Wyandot St, Denver, CO 80221

Dear Adams County

Denver Water has been asked to determine whether the property described on the attached layout is located within a Distributor's service area and eligible to receive water service. This letter verifies that the property is located within Berkeley Water District Distributor service area. This property is eligible to receive water. Any project located on the property will be subject to compliance with Denver Water's Operating Rules, Regulations, Engineering Standards and applicable charges. Prior to proceeding with the project, verify with Berkeley Water District to determine Distributor's ability to serve, rules and regulations affecting service and an additional applicable charges. Please check the fire requirements for the proposed development with the Fire Prevention Bureau and the availability of fire flow from existing mains with the Distributor's Hydraulics Department or with Denver Water's Hydraulics Department.

If you have questions, or you would like to schedule a meeting to discuss the proposed project, please contact Denver Water Sales Administration at 303-628-6100 (Option 2).

Sincerely,

Jackson Marshall

Subject: BWSD - Regan Foster - Service for new duplex project - 52nd and Wyandot
To: Berkeley Water District <berkeleywater@gmail.com>
Cc: Jim Landry <jlandry@igengineering.com>

Sharon,

After looking at the existing conditions, the 52nd and Zuni extension, please find our preliminary comments regarding service for Regan Foster’s new duplex planned for sanitary sewer service. As we have not seen a site layout, it is a bit up in the air on how he plans to subdivide the property, so we used conservative distances on the options.

Extension from 52nd and Zuni option – Attached sheet

- The new termination manhole completed by 52nd and Zuni development is 4.89 feet deep. With an extension to get the new manhole 10’ into the northern section of the new duplex, a rough estimation of LF from Google Earth/52nd and Zuni plan puts the extension at approximately 130 LF. Setting the grade of the new pipe at 75% (same as 52nd and Zuni project) with appropriate drops through the manhole, the proposed depth of the manhole to service the northern duplex would be approximately 3.51 feet. This type of depth would be a concern for service if any basements are planned for the new duplexes. Possible private ejector lift stations would be needed for the new duplexes.

- Securing of a 20’ easement from 52nd and Zuni development to bring the existing 20’ easement to the Wyandot R.O.W. would also need to
occur. It currently ends 10’ east of the termination manhole.

Sanitary Sewer Service and Easement – Google Earth image attached
  • The other option is to receive a service line easement to run both services for the duplex along the west side of the Bakery, Confectionery, Tobacco Workers and Grain Millers Local #26 property to the east of Regan’s property. Regan would not be able to keep it on his existing property as the garage he placed would not allow the services to run to the extension within 52nd Avenue.
  • It appears from the depth of the mainline extension that Regan installed for his southern property, there may be enough depth (approximately 8 ft) to secure appropriate fall (2% recommended) for connection. This would need to be verified.

Overall, either option would require the securement of an easement. The sanitary sewer service easement option may be the less costly option for service for the new planned duplex as it doesn’t include manholes and may not have the depth concerns that the 52nd and Zuni project would have. Until receiving the subdivided and plans for the proposed duplex, this is the best information we can provide.

Thanks,

Patrick Roberts, PE CCM
Project Engineer

Re: 5200 Wyandot Triplex Rezone, Case # RCU2019-00022

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the request for the 5200 Wyandot Triplex Rezone. Please be advised that Public Service Company has existing electric distribution facilities within the areas indicated in this proposed rezone. Public Service Company has no objection to this proposed rezone, contingent upon PSCo's ability to maintain all existing rights and this amendment should not hinder our ability for future expansion, including all present and any future accommodations for natural gas transmission and electric transmission related facilities.

The property owner/developer/contractor must complete the application process for any new natural gas or electric service, or modification to existing facilities via FastApp-Fax-Email-USPS (go to: xcelenergy.com/InstallAndConnect). The Builder's Call Line is 1-800-628-2121. It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details. Additional easements may need to be acquired by separate document for new facilities.
