Complaints Reported to the COGCC

Report Date	Operator	Pad Name	Complaint	Resolution
10/9/2018	Fritzler Resources	Chris Wailes #1	A complaint was received by the COGCC with concerns about leaking natural gas.	COGCC staff sent a citation to the operator, requesting delinquent reports.
11/15/2018	Extraction	Prairie Center	Visible smoke was observed by a resident driving past the facility. The resident took photos of the smoke and filed a complaint with the COGCC, which was then referred to CDPHE.	CDPHE conducted an inspection and was unable to verify the cause of the smoke documented by the complainant. Extraction stated the smoke was the result of an Enclosed Combustion Device (ECD) that was out of adjustment. Extraction adjusted the ECD and eliminated the cause of smoke.
1/7/2019	Extraction	Hack 12-14	Resident does not approve of their property to be used as part of the staging area for a well maintenance workover rig.	Pending COGCC Investigation
3/11/2019	Great Western	B-Farm	Residential report of "petroleum type" odor.	A COGCC inspector responded to the complain on 3/11/2019. No odor was observed. No other violations were observed.
4/22/2019	Blue Chip Oil	Stonehocker Multi-Well Pad	Earthworks, a National Environmental Group, recorded alleged emissions venting from a storage tank.	The COGCC does not have jurisdiction over the air emissions described in the complaint, so it was transferred to CDPHE as a result.
4/30/2019	KP Kauffman	Cundall 6-12	Complaints of loud noise underneath house at night around 4am everynight. House shakes and theres a loud continious noise. Resident emailed this complaint to the county.	Researched and reviewed location to find that it is in the City of Thornton's jurisdiction. Emailed back resident with City of Thornton LGD's information and let the know to contact them to get any updated information from the COGCC.
