Members Absent:

Randy Nelson
Ray Gonzales
Kimberly Kaufman
Ben Stough
Emma Pinter
Kimberly Messina
Simone Jones
17th JD Prosecution Based Victim Services Representative

Other Guests Present:

Agenda Items:

Call to order:

Interim Chair Emily Fleischmann calls meeting to order. Minutes Approved

Officer Elections:

Charlie opens up the floor for new nominations. No new nominations are made. Members cast votes on ballots. 14 votes in favor for nominees Abigail Tucker as Chair and Emily Fleischmann as Vice-Chair.

Meeting Location:

Discussion held around moving the meetings to the County Government Center. Discussion also held around potentially changing the day of the meeting. Allison will send out an email requesting feedback on the day of the meetings.

CJCC Planner Updates:

- Budget and OJBC membership hours are on track.
- Allison has been added to the County's Legislative Task Force team. This allows Allison to have a pulse on legislation that may affect the CJCC. There are two current bills that Allison is monitoring for the CJCC. The Court Reminder Call System Bill and the Juvenile Justice Bill.

Juvenile Justice Exploratory Committee:

Council members support the idea of a new committee with the topic of Juvenile Justice. It was noted that it is important that the scope of this committee does not overlap with other current committees. Members and designated staff will serve on a scope defining committee before the next council meeting.

Our Purpose

To provide an ongoing forum for leaders from justice agencies, general governments, and communities in Adams County to discuss and prioritize public safety and criminal justice issues and coordinate resources to address issues in the most evidence-based, cost-effective, and equitable way possible.

Committee Member Updates:

Paolo Diez- Behavioral Health Committee- Approved

Sam Olsen- Alternative Sanctions Committee- Approved

Committee Reports:

CJCC Governance: Charlie Long

Bylaws: Charlie notates one further change in the language. Bylaws approved with modification.

Alternative Sanctions: Emily Fleischmann:

- **CPAT project:** Project team met yesterday to discuss how to move forward with an information session for users of the CPAT. Next steps include, setting agenda, setting date and location, etc.
- **Resource Mapping:** Still in the information gathering phase but the project team is meeting regularly.
- **New Work Group:** Video arraignment schedule meeting has been set.
- **New Project:** Through soliciting ideas for new projects, a discussion around accessibility for court related requirements occurred. There is a big need for getting people to where they need to go; to include transportation to UA's, accessibility for classes, etc. The group will be specifically looking at; a location where we can have a one stop shop, and transportation issues and how to address this. This project is still very much in the idea phase.
- Another issue that came up with the committee was with the issue of daycare in court. The group decided this was not necessarily a goal for the Alternative Sanctions Committee to tackle so Emily forwarded this information to Access to Justice.

Behavioral Health: Abigail Tucker:

- The committee viewed and used the dashboard at the last meeting. Data is up and live. Working to validate the data with partners. Every month we will be looking at our data to discuss interventions. Currently we are putting together user and access agreements. Will be taking policy drafts to BHC and will bring this back to full council for review. Will also set up a viewing of the dashboard as a council education session for April's meeting (assuming updates to dashboard have been made).
- The Thornton PD intervention overview given. The dashboards can help provide insight as to whether the data is showing that interventions may be working. For March, the plan will be to add more of a formal co-responder program with Thornton PD. Process maps of both interventions are in draft form to bring the BHC and will bring back to Council for review.
- Potential discussions about participating in a health fair in the future.

Information Sharing: Sharon Dunlap:

- Federated Query Portal project has had some meetings to narrow the scope. Allison met with CBI to talk about CJIS Policy. In its current pilot mode, anyone who has access to the system must already have CBI Certification. The new name for the system is J-CORP (Justice- Centralized Online Records Portal). A project team meeting will take place on 2/25/19 to discuss the next phase of the project.
- Allison reviewed meeting with Child's Ombudsmen who is also interested in building a similar system. Allison informed the council that the end users of their system may be different than ours and that they may be in a holding pattern with moving forward. Discussion held. The Colorado Information Sharing Consortium (CISE) legislation (house bill 19-1073) was brought up and discussed. Potential to partner with CISE in the future.

Our Purpose

To provide an ongoing forum for leaders from justice agencies, general governments, and communities in Adams County to discuss and prioritize public safety and criminal justice issues and coordinate resources to address issues in the most evidence-based, cost-effective, and equitable way possible.

Other Items:

NNCJCC Survey and Membership:

Allison reviewed the National Network of Criminal Justice Coordinating Councils (NNCJCC) and asked if the Council would be willing to participate in their survey. The council agreed to participate as it would provide great feedback on the current state the council is in. The Adams County CJCC is in consideration for NNCJCC membership with the next available open slot.

Printing of Minutes:

The council agreed to go without printed minutes at the meeting to save paper. The minutes will continue to be sent out prior to the meeting.

Action Items:

Allison send out NNCJCC Survey

Council to designate participants for the Juvenile Justice Exploratory Committee

Council to vote on which Thursday of the month the meetings should be held

Next Meeting:

April 18th, 2019 at 1:00pm-3:00pm @ the Adams County Government Center: Conference Center: Brantner Gulch A

Our Purpose

To provide an ongoing forum for leaders from justice agencies, general governments, and communities in Adams County to discuss and prioritize public safety and criminal justice issues and coordinate resources to address issues in the most evidence-based, cost-effective, and equitable way possible.
