# Sustaining Colorado's Non-Profits

Since 1993, Providers' Resource Clearinghouse has solicited and accepted donations of high quality new and used office furniture, equipment and supplies, household furnishings & goods. New and near new products are stocked in our 50,000 square foot warehouse and are made available to member nonprofit organizations at significant savings.

PRC allows your 501(c)(3) organization to focus on its core mission by making it easy, fast and inexpensive to meet the material needs of both the nonprofit and its clients.

PRC has also designed a multi track adult vocational program. Our program provides comprehensive support, training and reporting to both partner agencies and their clients. PRC is able to deliver vocational services to all individuals including those with developmental disabilities, mental illness, criminal background and physical disabilities. We are also staffed to offer supervision for Court Ordered community service clients.

Annual membership levels range from \$75 to \$2,000. On average, a \$1,000 member organization receives a value of \$22,000 worth of merchandise. Members also receive free merchandise as part of the Special Distribution Programs available at PRC.

PRC is here to support community-based organizations and the people they serve. Let us serve you.

# Coloradans Helping Coloradans

Since opening, PRC has distributed over \$75 million worth of in-kind goods to Colorado nonprofit and community based agencies who in turn served hundreds of thousands of Coloradans.

We depend on local retailers, corporations and individuals who recycle their household furnishings, office furniture and equipment by making tax-deductible donations to PRC. The items come into our warehouse and get sorted by our vocational employees. Goods that can be repaired are kept and repaired, and items that cannot be used are broken down and recycled if they are recyclable.

PRC socially recycles these items. Social recycling means making sure that items no longer needed by the original owner are put to responsible use by another person or group.

Because these donations are refurbished, recycled and redistributed, PRC has diverted over 100,000 tons of materials that would have otherwise gone into landfills.

## Your Donation to PRC

**Will be picked up at your home or business at no charge**

**May be 100% tax deductible**

**Goes directly to individuals and families in need**

**Stays in Colorado to help Coloradans**

**Benefits over 200 Colorado nonprofits**

**May be directed to a specific group or cause**

**Is a great way to recycle**

*"Working at PRC has meant so much to me. The staff is so helpful and kind. Working here makes me feel like I am needed and I have something to give. Going to work everyday gives me something that I haven't had in awhile, a purpose."*
