08/14/19	Adams County	SE of 168th and Lima St.	Rocky Mountain Midstream	baseline/Brant Interconnect	New	Oil	>=5 and <100	Equipment failure	Complete 08/23/2019
08/27/19	Adams County	SE of 168th and Colorado Blvd.	Great Western	Rio LC	New	Oil based drilling mud	12.4 Barrels	Human Error/Mechanical	Complete 10/07/2019
09/03/19	Adams County	NW of 128th and Watkins Rd.	Extraction	Martin Well pad	Historical	Oil	Unknown	Spill was discovered during reclamation work on site	Complete 10/24/2019
09/05/19	Adams County	NE of 64th and Behrens Rd.	Western Operating	Linnebur 6-13	New	Oil	>=1and< 5 barrels	Spill was discovered during reclamation work on site	Remediation Ongoing
09/27/19	City of Thornton	E 136th Ave. and Yosemite St.	Energy Search	Tsuzuki 2,3,4	Historical	Unknown	Unknown	Historical release discovered during Orphan Well closure activities	Complete 11/15/2019
10/24/19	Adams County	SE of E 160th and Piggott Rd.	Colorado Interstate Gas Company	Totem Well 4/5 Flowline	New	Produced Water	>=5and< 100 barrels	Moist soil discovered on location. Leak in 2" Flowline @ 4 feet	Complete 02/17/2020
10/24/19	City of Thornton	NE of York St. and E-470	Great Western	North York 13-12-3 Tank Battery	Historical	Oil	Unknown	During plugging and abandonment work, spill was discovered, lab tests showed low levels of impacts to groundwater, no impacts to soil	Complete 10/24/2019
12/01/19	Adams County	E 136th Ave and Highway 85	Great Western	Schaefer LD 24-3-7HC Tank Battery	New	Oil and Produced Water	300 barrels+	During bradenhead testing and mitigation, a frac tank overfilled resulting in a release. The release was completely contained on site but outside containment. Surface water was not impacted, no injuries occurred as a result of the release, and cleanup is ongoing. The release was discovered at 8:45 pm on December 1, 2019. Location is on a federal lease, BLM Inspector responding	Complete 01/10/2020
12/09/19	Adams County	E 144th Ave and Colorado Blvd	Great Western	N Colorado 44-13-9 Tank Battery	Historical	Unknown	Unknown	Historical leak discovered during P&A activities. Potential impacts to soil and shallow groundwater were observed at the Site during plugging and abandonment of the facility. GWOC received laboratory analytical results confirming benzene concentrations in one soil sample above COGCC Table 910-1 concentration levels. The release is completely contained on site, surface water was not impacted, no injuries occurred as a result of the release.	Complete 11/25/2019
12/12/19	Adams County	E 144th Ave and Colorado Blvd	Great Western	N Colorado 24-13-8 Tank Battery	Historical	Unknown	Unknown	Historical leak discovered during P&A activities. Potential impacts to soil were observed at the Site. GWOC received laboratory analytical results today confirming diesel range organics (DRO) concentrations in one soil sample above Colorado Oil and Gas Conservation Commission (COGCC) Table 910-1 concentration levels. The release is completely contained on site, surface water was not impacted, no injuries occurred as a result of the release.	Complete 12/13/2019
12/19/19	City of Westminster	E 144th Ave and I-25	Extraction	North Huron TB 01-22 Vessel	Historical	Produced Water	Unknown	While removing a partially-buried produced water vessel, legacy suspected soil impacts were observed. Sample collections along the walls of the vessel were collected	Complete 12/19/2019

Reported Spills									
Report Date	Jurisdiction	Approx. Location	Operator	Site Name	Spill Type	Spill Fluid	Spill Volume (barrels)	Cause of Spill	Status
01/16/20	Adams County	E 152nd Ave and Havana	Kerr McGee Gathering	Pipeline	New	Oil	Unknown	While removing pipeline a pin-hole leak was discovered resulting in soil contamination. Soil samples were analyzed and found elevated levels of benzene. Soil was excavated and removed and monitoring wells will go in to monitor plume to determine if water was contaminated. Site awaiting ADCO permit to fill in open trench. <i>Doc#: 402354355; Proj#:15369</i>	Remediation Ongoing
02/17/20	Adams County	E 88th Ave and Imboden	PetroShare Corp.	Ambush 13-22 Tank Battery	New	Oil and Produced Water	>=1 and <5 barrels	Fire tube failure caused liquids release on the ground inside of containment. Cleanup efforts began immediately and tube was repaired	Complete 02/26/2020
02/18/20	Adams County	E120th Ave and Haysmount	Extraction	Box Elder M1 Tank Battery	New	Produced Water	Unknown	While P&Aing a well stained soil was encountered. Soil samples were collected and analyzed confirming that impacts on site exceed COGCC Table 910-1 allowable limits. Soil is being excavated and removed and extent of spill being determined. Site awaiting ADCO permit to fill in open pit. <i>Doc#: 402308134; Proj#: 15101</i>	Remediation Ongoing
02/18/20	City of Thornton	E 144th Ave and Washington	Extraction	Poitz Vessel	Historical	Produced Water	>=1 and <5 barrels	While removing partially-buried vessel, suspected soil impacts were observed outside of containment. Conventional excavation and soil sampling was conducted. Impacted soil was removed.	Complete 02/19/2020
02/20/20	Adams County	E 160th Ave and Havana St.	COGCC	Horizontal Separator	Historical	Oil and Produced Water	>=1 and <5 barrels oil and >=1 and <5 barrels of produced water	Historical subsurface leakage from an orphan separator was detected during decommissioning. Extent of contamination delineated by Apex Environmental. Remediation is ongoing	Remediation Ongoing
02/20/20	Adams County	E 156th Ave and Colorado Blvd	COGCC	Pipeline	Historical	Oil and Produced Water	>=1 and <5 barrels oil and >0 and <1 barrels produced water	Historic leakage from pipeline joints to an orphan separator was detected during decommissioning. Extent of contamination being delineated by Apex Environmental. Remediation is ongoing.	Remediation Ongoing
02/20/20	City of Thornton	E 136th Ave and Yosemite St.	COGCC	Tank Battery	Historical	Oil and Produced Water	>=1 and <5 barrels oil and >=5 and <100 barrels of produced water	Historic spill detected during decommissioning of orphan tank battery. Extent of contamination being conducted by Freemont Environmental. Remediation is ongoing	Remediation Ongoing
02/26/20	Adams County	E 152nd Ave and Monaco	KP Kaufmann	Brown 13-8	New	Produced Water and Condensate	>=1 and <=5 barrels	Spill occurred at the stuffing box of the wellhead pumping unit. Soil settled around equipment causing a misalignment of polishing rod causing release. Well was shut-in.	Complete 03/13/2020

Reported Spills									
Report Date	Jurisdiction	Approx. Location	Operator	Site Name	Spill Type	Spill Fluid	Spill Volume (barrels)	Cause of Spill	Status
03/06/20	Adams County	E 120th Ave and Piccadilly Rd.	Extraction	Colorado State A - Partially Buried Vessel	Historical	Produced Water	Unknown	While removing partially-buried produced water vessel, suspected soil impacts were observed outside of containment. Conventional excavation and soil sampling was conducted. Impacted soil was removed. <i>Doc#: 402290039 Proj#: 14984</i>	Remediation Ongoing
03/21/20	Adams County	E 136th Ave and Brighton Rd.	Great Western	Sharp Tank Battery	New	Oil	>0 and <1 barrels	A leak from the Vapor Recovery Unit resulted in a release of 2 gallons of oil. 1.5 gallons was contained on sites and 0.5 gallons accumulated on the surface in a dry ditch. Operator repaired the equipment and adjusted sensitivity to prevent future releases. All oil was recovered and removed, no impacts to soil or groundwater were discovered.	Complete 04/03/2020
04/29/20	Adams County	Riverdale Rd. and Highway 7	Great Western	Brant LD Pad	New	Flowback Fluid	>=1 and <5 barrels (63 gallons)	During flowback operations, a tanker truck overflowed due to site glass malfunction releasing 63 gallons of flowback fluid. The release was contained on site, no injuries were reported and cleanup of the fluid is complete	Remediation Ongoing
05/11/20	Adams County	E144th Ave and Colorado Blvd	COGCC	Horst #1	Historical	Unknown	Unknown	Historical release discovered during re-plugging of an already abandoned well. Potential impacts to soil and shallow groundwater were detected, awaiting lab analysis and inspection.	Remediation Ongoing
05/20/20	Adams County	E152nd Ave and Harvest Rd.	Blue Chip Oil	Gail #1	New	Oil & Produced Water	Unknown >= 1 barrel	Spill discovered during annual flowline test. Operator discovered pressure leak in the flowline/dump line at the location. Potential impacts to groundwater and soil were detected, awaiting lab analysis and inspection.	Remediation Ongoing

Reported Complaints						
Report Date	Operator	Pad Name	Complaint	Resolution	Type	Reported To
4/22/2019	Blue Chip Oil	Stonehocker Multi-Well Pad	Earthworks, a National Environmental Group, recorded alleged emissions venting from a storage tank.	The COGCC does not have jurisdiction over the air emissions described in the complaint, so it was transferred to CDPHE as a result. Resolved 04/25/2019	Venting/Flaring	COGCC
4/30/2019	KP Kauffman	Cundall 6-12	Complaints of load noise underneath house at night around 4am every night. House shakes and there's a loud continuous noise. Resident emailed this complaint to the county.	Researched and reviewed location to find that it is in the City of Thornton's jurisdiction. Emailed back resident with City of Thornton LGD's information and let the know to contact them to get any updated information from the COGCC. Resolved 04/29/2019	Noise	COGCC
6/4/2019	Great Western	B-Farm / Ocho Pad	Complaints of mud tracking on the roadways and dust and dirt on the roads	COGCC inspected and issued corrective action with tracking pads on entrances to both facilities. Resolved 06/05/2019	Road Conditions	COGCC
7/2/2019	KP Kauffman	Standley	Complaint of flaring during P&A activities	COGCC inspected and spoke with KPK and they said they were setting bridge plugs in prep for offset frac and that they flared for two hours. Resolved 07/08/2019	Venting/Flaring	COGCC
7/3/2019	KP Kauffman	Standley	Complaint of flaring during P&A activities - second complaint	COGCC inspected and spoke with KPK and they said they were setting bridge plugs in prep for offset frac and that they flared for two hours. Resolved 07/08/2020	Venting/Flaring	COGCC
7/3/2019	Great Western	Ivey Pad	Issues with trucks entering York from 470 in front of oncoming traffic related to the Ivey site. Truck entering from 470 dangerously.	Not under COGCC jurisdiction. Contacted City of Thornton LGD for corrective action. Resolved 07/03/2019	Traffic	COGCC
7/3/2019	Great Western	Ivey Pad	It appears construction on the well pad has begun and we've had several near accidents with trucks exiting E-470 onto York, heading to the Ivey site. Many truck are pulling out in front of passenger cars doing the speed limit and we have had to SLAM on the brakes to avoid collision. We've honked at them and they honked back, not caring.	Not under COGCC jurisdiction. Contacted City of Thornton. Left voicemail with City of Thornton's LGD. Resolved 07/03/2019	Traffic	COGCC
7/3/2019	KP Kauffman	Standley	Adjacent to Costco in North Thornton. Issue: Flaring-I was told to report any flaring by operators as this should not occur.	COGCC did site inspection. Found operator to be setting bridge plug. Flared for approx.. 2-3 hrs. No violation of the COGCC rules as found at time of inspection. Resolved 07/08/2019	Venting/Flaring	COGCC
7/10/2019	Great Western	Baseline Pad	Over the last couple of weeks my below house sump pump has been running 2-3X per hour, pumping out gallons of water. The timing is related to a drilling pad that was setup behind my property roughly 700 yards. I have been living at my house for 3 1/2 years, during this time I cannot remember the sump pump ever running(my house is located directly over he pump.) There is also another company currently installing a gas line directly behind my property, they installed a temporary dirt road for heavy machinery and have mounds of dirt piled	COGCC assigned this case to John Axelson environmental supervisor. Found that storm water management system was influencing the depth of ground water and in turn triggering the pumps to run, not associated with oil and gas activities. Resolved 09/13/2019	Water	COGCC

Reported Complaints						
Report Date	Operator	Pad Name	Complaint	Resolution	Type	Reported To
7/31/2019	KP Kauffman	Champlin 117 Amoco I & II	The surface owner filed a complaint that the two wells located on the property are no longer economical and should be plugged and abandoned to allow for the surface owner to reclaim use of the property.	The state verified that the wells are producing and are compliant with the COGCC rules, which does not have a requirement for economics of a well in production. Resolved 08/02/2019	General	COGCC
8/6/2019	Petro Operating Company	BEF West Pad	Brighton, Colorado Issue: Noise & Vibration - Residents in the area have been complaining to me as City staff that their houses are shaking and that there is a strong pulsating vibration in the area. This is said occur from one to six hours at a continuous time and will occur usually once a day. (City of Brighton)	No violation of COGCC rules were observed at the time of the inspection. City of Brighton jurisdiction. COGCC inspected and found no violations at any locations nearby. No oil and gas activities occurring near complainant at that time, could have been construction of school or houses nearby. Resolved 08/13/219	Noise/Vibration	COGCC
9/29/2019	Petro Operating Company	BEF West Pad	Complained of rumbling and vibrations at 7:30PM. Sounds like continuous thunder (City of Brighton)	COGCC inspected and found that no oil and gas activity was occurring near the complainants home as the BEF West site was not in operation yet and no equipment was on site or in operation. Resolved 10/02/2019	Noise/Vibration	COGCC
10/3/2019	PetroShare	Ehler 44-4	A third party consultant hired by the surface owner investigated the location subject to Remediation Project 10128 and discovered impacts to both soils and ground water.	COGCC assigned this case to Chris Canfield and Rick Allison environmental supervisor. PetroShare working to remediate the contamination. Resolved 4/22/2020	Environmental	COGCC
10/21/2019	Extraction	Warbler	Resident upset with notice and timing of secondary meeting regarding traffic and noise plans at the Warble Pad (proposed).	Adams County staff met with resident to address concerns and explain the County permitting process and requirements. Resolved 10/22/2019	Notices	Adams County
11/7/2019	KP Kauffman	North Washington	Resident complained about lack of notification regarding a workover rig at the North Washington wells.	Adams County Oil & Gas Inspector went out to location and confirmed work being done on location was routine maintenance. Such activity is permitted and does not require notification per COGCC and County rules. Resolved 11/12/2019	Notices	Adams County
11/12/2019	Great Western	Baseline Pad	Resident complained of mud caked on the road on E 168th Ave near Baseline pad. Resident sent photos of road conditions	Adams County Oil & Gas Inspector went out to location and found mud caked on road and reached out to Operator. Operator promptly went out and scrapped and re-swept the road way, clearing the mud. Resolved on 11/15/2019	Road Conditions	Adams County
12/12/2019	Great Western	Brant LE Pad/Baseline Pad	Resident complained of noise from the Brant at all hours of the day and night. Mentioned it sounding like a fleet of big rigs constantly with windows shut, impeding sleep	COGCC assigned to Randy Silver, inspector went out to complainants home and did an inspection of the Pad and found no unusual noise or noise above limits. Drilling supervisor working on setting up sound study equipment. Resolved 12/17/2019	Noise	COGCC
12/17/2019	Great Western	Brant LE /Baseline Pad	Resident complained of loud noise, vibrations and low humming coming from the Brant LE Pad. Resident also complained of traffic congestion on Highway 7 from trucks going under the speed limit	COGCC reviewing noise complaint, COGCC referred traffic portion to Adams County. Resolved 12/18/2019	Noise/Vibration	COGCC
12/18/2019	Great Western	Sharp/Schaefer Pad	Resident complained of burnt diesel or kerosene smell coming from the east. Likely from the Sharp Pad or Schaefer Pad in unincorporated ADCO	COGCC assigned to Randy Silver, inspector went out to complainants home and found no smell. Likely related to cleanup/operations at the Schaefer site. Resolved 12/20/2019	Odor	COGCC

Reported Complaints						
Report Date	Operator	Pad Name	Complaint	Resolution	Type	Reported To
1/7/2020	Williams/ Great Western	Pipeline Facility/Schaefer Pad	Resident complained of loud roaring sound around 10AM that lasted 30 minutes. Likened it to a jet engine type sound	COGCC inspected and determined it was pigging operations at the Williams Pipeline Facility near the Schaefer Pad. This facility is not under jurisdiction of COGCC, but rather the PUC. Resolved 1/7/2020	Noise	COGCC
1/8/2020	Great Western	Brant LE Pad	Resident complained that their home was shaking 24 hours a day and that there were noxious fumes/odor especially at night	COGCC inspected the complainants home and drill site on numerous occasions and did not hear any unusual sounds or smell any unusual odors. COGCC also did 2 sound studies at the complainants home and both were within COGCC rules (800 series) for noise. Inspector contacted the drilling foreman and was told that no unusual activity or events had been occurring on site during this time. Forwarded health complaint to CDPHE. Resolved 1/13/2020	Noise/ Vibration	COGCC
1/10/2020	HRM Resources	Double Bar O	Resident complained of soil staining around the tank battery	COGCC inspected and did find minor soil stains in tank battery secondary containment related to intermittent drips. No evidence of spill/release volumes requiring reporting or notification of COGCC. Resolved 1/15/2020	Environmental	COGCC
1/17/2020	Great Western	Brant LE Pad	Resident complained of noise and shaking at their home, especially at night.	Adams County Oil & Gas Inspector went out and did a sound-level reading at the location, near the access road and in the complainant's neighborhood. Found the readings in the neighborhood to be within COGCC limits. Discussed with the operator who explained they have put additional mitigation measures on location to reduce noise. Collaborating with COGCC and operator for additional sound study data and mitigation measures if needed. Sound study came back and showed db.(A) and db.(C) scale noises were within acceptable limits. Resolved 1/24/2020	Noise/ Vibration	COGCC/ Adams County
1/22/2020	General	General	Resident submitted complaint via CDPHE about odor in his neighborhood.	Adams County Oil & Gas Inspector went out on location and measured air quality with 4-gas meter. Found no abnormal odors or gas levels in the area. Resolved 1/30/2020	Odor	Adams County
2/7/2020	KP Kauffman	North Washington	Resident complained about lack of notification regarding a workover rig at the North Washington wells.	Adams County Oil & Gas Inspector confirmed operator was conducting routine maintenance activities. Such activity is permitted and does not require notification per COGCC and County rules. Resolved 02/07/2020	Notices	Adams County
2/8/2020	KP Kauffman	North Washington	Resident complained about lack of notification regarding a workover rig at the North Washington wells.	Adams County Oil & Gas Inspector confirmed operator was conducting routine maintenance activities. Such activity is permitted and does not require notification per COGCC and County rules. Resolved 02/07/2020	Notices	Adams County
2/16/2020	Great Western	Baseline Pad	Resident complained of bright lights and loud noises at home near the Baseline Pad	COGCC Inspected and found all lights were pointed down and inward and that no unusual notice was occurring in or around the location. Contacted the operator and they confirmed no unusual activity on location at the time of the complaint. No violation of COGCC rules. Resolved 02/20/2020	Noise/Lighting	COGCC

Reported Complaints						
Report Date	Operator	Pad Name	Complaint	Resolution	Type	Reported To
2/18/2020	Great Western	Baseline Pad	Resident complained of mud caked on the road on E 168th Ave near Baseline pad. Resident sent photos of road conditions	Contacted operator and they promptly went out and scrapped and re-swept the road way, clearing the mud. Resolved 02/20/2020	Road Conditions	Adams County
2/25/2020	Petro Operating	BEF Pad	Resident complained of loud noise near the BEF Pad (City of Brighton).	COGCC Inspected and found noise was associated with purging of gas lines in preparation for gas facility going into operation on the location. All drilling had been completed at time of complaint. Resolved 02/26/2020	Noise	COGCC
2/26/2020	Petro Operating	BEF Pad	Resident complained of loud noise near the BEF Pad (City of Brighton).	COGCC Inspected and found noise was associated with purging of gas lines in preparation for gas facility going into operation on the location. All drilling had been completed at time of complaint. Resolved 02/27/2020	Noise	COGCC
2/26/2020	Petro Operating	BEF Pad	Resident complained of loud noise near the BEF Pad (City of Brighton).	COGCC Inspected and found noise was associated with purging of gas lines in preparation for gas facility going into operation on the location. All drilling had been completed at time of complaint. Resolved 02/27/2020	Noise	COGCC
3/2/2020	Great Western	Baseline Pad	Resident complained of loud noises and vibrations at their home near the Baseline Pad	Adams County requested COGCC conduct a sound study at complainant's home. Sound study will begin 3/6/2020. No violation found from sound study. Resolved 03/11/2020	Noise	COGCC/ Adams County
3/2/2020	Petro Operating	BEF Pad	Resident complained of loud noise and intense vibrations near the BEF Pad (City of Brighton)	COGCC Inspected and found noise was associated equipment from the production facility running improperly. Contacted the operator who shut-in the facility temporarily to resolve issues with equipment. Resolved 03/05/2020	Noise/ Vibration	COGCC
3/2/2020	Petro Operating	BEF Pad	Resident complained of loud noise and intense vibrations near the BEF Pad (City of Brighton)	COGCC Inspected and found noise was associated equipment from the production facility running improperly. Contacted the operator who shut-in the facility temporarily to resolve issues with equipment. Resolved 03/05/2020	Noise/ Vibration	COGCC
3/6/2020	KP Kauffman	North Washington	Resident complained of strong gas smell near site. Witnessed a tank sitting in the field.	Adams County and COGCC Inspectors went out to location with gas detection equipment, found operator was in compliance with emissions requirements and observed no noticeable odor. Found the operator was not in compliance with temporary storage tank requirements and temporarily halted operations. Operator will divert all liquids and gas to separators and combustors through existing flowlines. Resolved 03/06/2020	Odor	COGCC/ Adams County
3/24/2020	Great Western	Baseline Pad	Resident complained of mud caked on the road on E 168th Ave near Baseline pad. Resident sent photos of road conditions	Contacted operator and they promptly went out and scrapped and re-swept the road way, clearing the mud. Resolved 03/24/2020	Road Conditions	Adams County
3/26/2020	Great Western	Brant/Baseline Pads	Resident complained of loud noise and vibrations at their home near Hwy 7 and Riverdale Road.	Complaint came to Adams County. Complainant has filed report with COGCC who will be sending inspectors to location and determining if a violation exists. Resolved 04/01/2020	Noise/ Vibration	Adams County/ COGCC
4/2/2020	Great Western	Baseline Pad	Resident complained of mud caked on the road on E 168th Ave near Baseline pad. Resident sent photos of road conditions	Contacted operator and they promptly went out and scrapped and re-swept the road way, clearing the mud. Resolved 04/02/2020	Road Conditions	Adams County

Reported Complaints						
Report Date	Operator	Pad Name	Complaint	Resolution	Type	Reported To
4/3/2020	PetroShare	Guther 22-2	Resident complained of property damage to grassy area within their HOA.	COGCC is sending inspectors and is in contact with the operators and contractors on this location. This property damage is a private matter and not directly related to COGCC regulations. Resolved 4/9/2020	Property Damage	COGCC
4/3/2020	Great Western	Ivey Pad	Resident complained of lack of signage or fencing around the Ivey Pad site	After review, the Operator was in compliance with all County and State requirements for fencing and signage. No operations or equipment is on location. Operator voluntarily agreed to place a temporary sign at the gate while they await final permits. Resolved 4/3/2020	General	COGCC
4/7/2020	Great Western	Baseline Pad	Complaint about sediment tracking on paved roads	CDPHE did inspection and found potential stormwater control deficiencies including seed and mulch coverage and inadequate vehicle tracking controls in place on location. Spoke with Operator about installing potential controls. Resolved 4/15/2020	Road Conditions	CDPHE
5/21/2020	Great Western	Rio LC Pad	Complaint about noise from production equipment on location	COGCC inspection ongoing, Adams County LGD contacted the Operator to discuss the complaint. Operator is actively working to mitigate noise by installing sound walls around VRU equipment. LGD will followup in COGCC, Operator and complainant. Operator installed sound walls around equipment and monitoring equipment at complainant's property. Resolved 5/29/2020	Noise	COGCC
