Reported Spills Report displays reported spills for the last 12 months. For information regarding older spills please contact the Adams County Oil & Gas Liaison

Report Date	Jurisdiction	Approx. Location	Operator	Site Name	Spill Type	Spill Fluid	Spill Volume (barrels)	Cause of Spill	Status
12/01/19	Adams County	E 136th Ave and Highway 85	Great Western	Schaefer LD 24-3-7HC Tank Battery	New	Oil and Produced Water	300 barrels+	During bradenhead testing and mitigation, a frac tank overfilled resulting in a release. The release was completely contained on site but outside containment. Surface water was not impacted, no injuries occurred as a result of the release, and cleanup is ongoing. The release was discovered at 8:45 pm on December 1, 2019. Location is on a federal lease, BLM Inspector responding	Complete 01/10/2020
12/09/19	Adams County	E 144th Ave and Colorado Blvd	Great Western	N Colorado 44-13-9 Tank Battery	Historical	Unknown	Unknown	Historical leak discovered during P&A activities. Potential impacts to soil and shallow groundwater were observed at the Site during plugging and abandonment of the facility. GWOC received laboratory analytical results confirming benzene concentrations in one soil sample above COGCC Table 910-1 concentration levels. The release is completely contained on site, surface water was not impacted, no injuries occurred as a result of the release.	Complete 11/25/2019
12/12/19	Adams County	E 144th Ave and Colorado Blvd	Great Western	N Colorado 24-13-8 Tank Battery	Historical	Unknown	Unknown	Historical leak discovered during P&A activities. Potential impacts to soil were observed at the Site. GWOC received laboratory analytical results today confirming diesel range organics (DRO) concentrations in one soil sample above Colorado Oil and Gas Conservation Commission (COGCC) Table 910-1 concentration levels. The release is completely contained on site, surface water was not impacted, no injuries occurred as a result of the release.	Complete 12/13/2019
12/19/19	City of Westminster	E 144th Ave and I-25	Extraction	North Huron TB 01-22 Vessel	Historical	Produced Water	Unknown	While removing a partially-buried produced water vessel, legacy suspected soil impacts were observed. Sample collections along the walls of the vessel were collected	Complete 12/19/2019
01/16/20	Adams County	E 152nd Ave and Havana	Kerr McGee Gathering	Pipeline	New	Oil	Unknown	While removing pipeline a pin-hole leak was discovered resulting in soil contamination. Soil samples were analyzed and found elevated levels of benzene. Soil was excavated and removed and monitoring wells will go in to monitor plume to determine if water was contaminated. Site awaiting ADCO permit to fill in open trench. <i>Doc#: 402354355; Proj#: 15369</i>	Remediation Ongoing
02/17/20	Adams County	E 88th Ave and Imboden	PetroShare Corp.	Ambush 13-22 Tank Battery	New	Oil and Produced Water	>=1 and <5 barrels	Fire tube failure caused liquids release on the ground inside of containment. Cleanup efforts began immediately and tube was repaired	Complete 02/26/2020
02/18/20	Adams County	E120th Ave and Haysmount	Extraction	Box Elder M1 Tank Battery	New	Produced Water	Unknown	While P&Aing a well stained soil was encountered. Soil samples were collected and analyzed confirming that impacts on site exceed COGCC Table 910-1 allowable limits. Soil is being excavated and removed and extent of spill being determined. Site awaiting ADCO permit to fill in open pit. <i>Doc#: 402308134; Proj#: 15101</i>	Complete 05/26/2020

Reported Spills Report displays reported spills for the last 12 months. For information regarding older spills please contact the Adams County Oil & Gas Liaison

Report Date	Jurisdiction	Approx. Location	Operator	Site Name	Spill Type	Spill Fluid	Spill Volume (barrels)	Cause of Spill	Status
02/18/20	City of Thornton	E 144th Ave and Washington	Extraction	Poitz Vessel	Historical	Produced Water	>=1 and <5 barrels	While removing partially-buried vessel, suspected soil impacts were observed outside of containment. Conventional excavation and soil sampling was conducted. Impacted soil was removed.	Complete 02/19/2020
02/20/20	Adams County	E 160th Ave and Havana St.	COGCC	Horizontal Separator	Historical	Oil and Produced Water	>=1 and <5 barrels oil and >=1 and <5 barrels of produced water	Historical subsurface leakage from an orphan separator was detected during decommissioning. Extent of contamination delineated by Apex Environmental. Remediation is ongoing	Remediation Ongoing
02/20/20	Adams County	E 156th Ave and Colorado Blvd	COGCC	Pipeline	Historical	Oil and Produced Water	>=1 and <5 barrels oil and >0 and <1 barrels produced water	Historic leakage from pipeline joints to an orphan separator was detected during decommissioning. Extent of contamination being delineated by Apex Environmental. Remediation is ongoing.	Complete 06/26/2020
02/20/20	City of Thornton	E 136th Ave and Yosemite St.	COGCC	Tank Battery	Historical	Oil and Produced Water	>=1 and <5 barrels oil and >=5 and <100 barrels of produced water	Historic spill detected during decommissioning of orphan tank battery. Extent of contamination being conducted by Freemont Environmental. Remediation is ongoing	Remediation Ongoing
02/26/20	Adams County	E 152nd Ave and Monaco	KP Kaufmann	Brown 13-8	New	Produced Water and Condensate	>=1 and <=5 barrels	Spill occurred at the stuffing box of the wellhead pumping unit. Soil settled around equipment causing a misalignment of polishing rod causing release. Well was shut-in.	Complete 03/13/2020
03/06/20	Adams County	E 120th Ave and Piccadilly Rd.	Extraction	Colorado State A - Partially Buried Vessel	Historical	Produced Water	Unknown	While removing partially-buried produced water vessel, suspected soil impacts were observed outside of containment. Conventional excavation and soil sampling was conducted. Impacted soil was removed. <i>Doc#: 402290039 Proj#: 14984</i>	Complete 06/04/2020
03/21/20	Adams County	E 136th Ave and Brighton Rd.	Great Western	Sharp Tank Battery	New	Oil	>0 and <1 barrels	A leak from the Vapor Recovery Unit resulted in a release of 2 gallons of oil. 1.5 gallons was contained on sites and 0.5 gallons accumulated on the surface in a dry ditch. Operator repaired the equipment and adjusted sensitivity to prevent future releases. All oil was recovered and removed, no impacts to soil or groundwater were discovered.	Complete 04/03/2020

Reported Complaints						
Report Date	Operator	Pad Name	Complaint	Resolution	Type	Reported To
6/4/2020	Extraction	Shannon MD 14-5 & Bydalek 2-11	Complaint from surface owner that wells are preventing the development of the land.	COGCC Engineering reviewed documents and determined wells produced in oil in July 2019 and January 2020. MIT test is not required for either well and Commission rules does not force operators to plug and abandon wells because the landowner wants to use the surface. Resolved: 6/4/2020	General	COGCC
7/22/2020	Great Western	Tower Pad	Complaint about alleged speed of trucks on roadways	Complaint forwarded to Adams County as traffic is not under COGCC rules. Reached out to Operator and asked them to remind contractors and personnel to follow all posted traffic signs. Reached out to complainant for more information. Resolved: 7/22/2020	Traffic	COGCC/ Adams County
7/28/2020	Painted Pegasus	Wanda 41-8 & Penny 32-8	Complaint of overgrown weeds, debris and gravel at these facilities being unsightly	COGCC inspected and found site was out of compliance for weed management and issued a corrective action to comply with COGCC rules. Resolved 08/01/2020	Weeds	COGCC
8/3/2020	Great Western	Baseline Pad	Complaint of noise and vibration	Complaint forwarded to Adams County. Reached out to the Operator and they are not drilling or completing on that location. No unusual operations occurred at the time of the complaint. Potentially low flying helicopters causing this noise. Resolved 08/09/2020	Noise	COGCC/ Adams County
8/12/2020	Bronco Pipeline	Gas Processing Plant	Complaint filed for concern about future noise	Complaint of concern for future noise. No actual noise has occurred and COGCC does not have jurisdiction over midstream facilities. Resolved 08/12/2020	Noise	COGCC
8/25/2020	Great Western	Brant LE Pad	Complaint alleged trucks entering and exiting location were not controlling dust	Complaint of dust. COGCC inspected several locations and spoke with the Operator and found no violation of COGCC rules regarding dust. Resolved 08/28/2020	Dust	COGCC
10/8/2020	Great Western	Storage Lot	Complaint alleged trucks entering and exiting location were not controlling dust	Complaint of dust. COGCC inspected several locations and spoke with the Operator and found no violation of COGCC rules regarding dust. Resolved 10/13/2020	Dust	COGCC
10/10/2020	Extraction	HSR Lunnon #2-3	Complaint alleged Operator had started P&A activity and left site unattended or project incomplete	COGCC inspected location and found site and equipment was in compliance with rules and regulations. Resolved 10/15/2020	General	COGCC
10/24/2020	Painted Pegasus	Moran #1	Complaint alleged a well was illegally venting natural gas	COGCC inspected location and used FLIRR camera and determined a minor leak from tubing head from the well. State issued a corrective action report and will reinspect to ensure gas leak as been repaired. Resolved 11/11/2020	Venting/ Flaring	COGCC
12/22/2020	Great Western	Kortum LD Pad	Complaint of noise and vibration	COGCC conducting site inspection. Reached out to the Operator and they are installing additional noise mitigation at the site. AdCo and COGCC Inspectors visited the location and complainant and found no noise violations. Mitigation will be completed by 12/27/2020. Resolved 12/29/2020	Noise	COGCC/ Adams County

Reported Complaints						
Report Date	Operator	Pad Name	Complaint	Resolution	Type	Reported To
12/28/2020	Great Western	Kortum LD & Gus LD Pads	Complaint of odor causing headaches	COGCC conducting investigation. Reached out to the Operator and they reported no unusual activity on location. AdCo OG Inspectors went to location and found no odor. COGCC inspectors also went out and found no compliance issues. Resolved 1/4/21	Odor	COGCC
12/29/2020	Great Western	Kortum LD Pad	Complaint of odor, specifically kerosene and diesel	Adams County inspector went to location and could not smell any odors. Reached out the Operator and they have agreed to add a neutralizing agent to further reduce odor. Resolved 12/29/2020	Odor	Adams County/ COGCC
1/2/2021	Great Western	Kortum LD Pad	Complaint of noise, light and traffic	Adams County inspector and Operator's third-party contractor went to location and found to be in compliance with noise standards. Operator inspected location and found one light pointing toward homes, rather than down and inward, this was corrected. Traffic appears to be occurring on approved routes. Resolved 01/07/2021	Noise, Light and Traffic	Adams County
1/5/2021	Great Western	Kortum LD Pad	Complaint of noise	Adams County inspector and Operator's third-party contractor went to location and found to be in compliance with noise standards. Resolved 01/07/2021	Noise	Adams County
1/8/2021	Great Western	Ivey LC Pad	Complaint of noise	Operator was not conducting operations on this location at the time of the complaint, found to be likely road construction noise unrelated to oil and gas development. Resolved 01/08/2021	Noise	Operator/ Adams County
